HURRICANE PREPAREDNESS

PREPARE TO TURN OFF UTILITIES

Before a hurricane strikes, know how to safely turn off your gas, electricity, and water in case of damage or evacuation.

Shutting off utilities can prevent fires, flooding, or other hazards if your home is compromised.

HURRICANE PREPAREDNESS

INSPECT YOUR ROOF

Before a hurricane hits, inspect your roof for loose shingles, cracks, or weak spots that could lead to leaks or major damage. Reinforcing or repairing now can save you from costly repairs later.

HURRICANE PREPAREDNESS

BE READY FOR STRONG WINDS

Secure outdoor furniture, grills, and decorations ahead of time to prevent them from becoming dangerous projectiles in strong winds. Keep windows and doors tightly closed and consider storm shutters for extra protection.
